

Project: Ferrum College

Location: Ferrum, VA.

Contractor: Mod-U-Kraf Homes

Project Manager: Ricky Dove

Project Start: May 5, 2008, set date

Project Finish: August 21, 2008

Project Detail:

Margaret M. Clark residence hall is a 27,000 sq. ft., 62 room college dormitory. The structure is an all brick colonial structure with porches in front and rear. All three floors have large common areas for study and entertainment. There is a two-room suite for a dorm proctor. The building is energy star rated and features a continuous flow gas hot water boiler for instant energy efficient hot water to each resident.

Project Highlights:

- Fully constructed in less than 120 days
- Energy Star rated
- Matches existing building design and architecture
- Constructed on budget and on time

"We are extremely satisfied. We are very pleased and we're very excited. It's been a wonderful project and we hope to do more in the future. It's a wonderful partnership and a great product and a great outcome. Thank You."

- Dr. Braaten,
President of Ferrum College
